of La Grange Park

May 20, 2011

To Whom it May Concern:

I am happy to offer testimony for what is becoming a positive relationship with Call One. Call One has been very receptive to our needs and worked with us to provide the necessary services to completion. Everyone that we talk with takes the time to answer questions and provides us with reliable information. The transition from our previous carrier to Call One was seamless and the cost savings has added positively to our bottom line. I feel like we have established a lasting relationship with Call One.

Sincerely,

Roy Cripe, Executive Director
Community Park District of La Grange Park
